

## American String Teachers Association New Hampshire Chapter

## Grant Application for National ASTA Conference Registration Fee

One grant per academic year is available to pay the registration fee to the ASTA National Conference for an NHASTA member new to the teaching profession. The grant will be equal in value to the cost of the "Early Bird" registration fee for the given year. Grant funds will not be given for travel, housing, or dining expenses.

The successful applicant will be required to provide a substantial report of their activities at the conference to the NHASTA membership. The method or nature of the report can be of the grant recipient's choosing, as described below, and must be completed by the end of the academic year in which the grant was approved.

If approved, the recipient will pay the registration fee themselves and submit a receipt to the Treasurer for timely reimbursement.

Which year's National Conference do you wish to attend?
Please supply the cost of the Early Bird Registration:
Applicant Name:
Please describe your current teaching activities.
